- Open Countryside

The Nuffield Centre is a purpose built tri-services recreation centre co-located with the Joint Services Mountain Training Centre (JSMTC) Indefatigable in the village of Llanfair PG on the banks of the Menai Straits on Anglesey, North Wales.

The Centre is open to all service personnel and their families to use as a holiday centre and for service personnel to use as a base for adventure training in Snowdonia and the surrounding coastline.

Affordable Accommodation in North Wales for Service Personnel and their Families

NUFFIELD ACCOMMODATION

The family accommodation consists of nine rooms with two rooms accommodating up to seven (2 adults - five children) each with en-suite shower and toilet. There are two fully equipped self-catering kitchen diners with additional flat screen TV, Freeview and DVD player.

The dormitory style accommodation offers units or groups up to 50 beds in 4 to 8 person rooms. You just provide your own bedding and towels and those staying whilst on duty can be fed in JSMTC's Cookhouse.

NUFFIELD SAILING CENTRE

The Nuffield Sailing Centre is set directly on the banks of the Menai Straits within the grounds of JSMTC Indefatigable. The facilities include showers, toilets and a large balconied clubroom directly overlooking the Menai Straits complete with an outdoor BBQ area. The RYA recognised training centre runs dinghy, powerboat and theory courses together with sailing taster sessions that can be delivered to individuals, groups and families.

CAMPSITE

Our Campsite is adjacent to the Nuffield Sailing Centre. The site has 8 pitches situated in sheltered alcoves of shrubs and saplings. Campsite guests are given use of the showers and toilets within the Nuffield Sailing Centre and are welcome to use the laundry facilities and large drying room in the Dormitory wing of the Nuffield Centre.

CLIMBING WALL

The nearby Climbing Wall offers beginners and experts alike the facilities one would expect from a modern indoor climbing wall. The top roping wall has 22 in situ ropes with featured routes from "easy" to "Fr 6c" with a "tower" for practising rope work systems.

Joint Services Mountain Training Centre Indefatigable

Set in the grounds of Indefatigable, the Centre has fabulous views of the Menai Straits in sight of the famous Menai bridges and a panoramic view of the Snowdonia Mountain range behind it and is only minutes away from the Snowdonia National Park and yards from the Anglesey Coastal Path. With the Sailing Centre and Climbing Wall on site, and with the attractions of Anglesey and Snowdonia. The Centre is an excellent base for all the activities this area of outstanding natural beauty has to offer.

The Nuffield Trust finances recreational and welfare amenities and facilities that will benefit those serving in the British Armed Forces but which are not provided by public funds and beyond the resources of other non-public funds. In this context, the "Armed Forces" does not include Ex-Servicemen or Cadet Forces.

Personnel from overseas forces on an exchange posting with the Royal Navy, Army or Royal Air Force are welcome to use the Nuffield Centre but must provide verification of their posting from their Commanding Officer.

Access to the Nuffield Centre could not be easier, with the North Wales A55 Expressway only a minute away, and Bangor Railway Station a short taxi ride.

The Nuffield Centre is unrivalled as a base for exploring the coast and mountains of North Wales or to be involved in the multitude of activities locally.
